

SOMMARØY™ GIN

Sommarøy Gin is hand-crafted using legacy distilling techniques. Twice-distilled with botanicals in a 100-year-old copper pot still, Sommarøy delivers a clean, smooth Gin at a lower 55 proof. Pleasant to sip and delightful to shake or stir into a cocktail, Sommarøy Gin's top notes are bold additions to the party. Botanical juniper, plucky lemon peel, and spicy coriander set the stage. Then, the warmth of Sommarøy sets in with the mellow bottom notes of sweet cassia and earthy Angelica root. The result is a rich, botanical nose, a balanced mouth-feel, and an elegant finish.

Sommarøy Gin is exquisite and easily takes center stage in a perfectly dry Gin martini. Yet, it's versatile enough to do right by the classics, too: a Gin Fizz, a refreshing G&T, or our signature favorite: the "Som" Collins.
